

# JDocs: Emergency Airways

Friday 27 February 2026 Friday 19 June 2026  
Friday 27 November 2026

CTEC's JDocs: Emergency Airways workshop is aimed at developing the skills and knowledge of pre-vocational doctors in dealing with the establishment of an airway by means of a surgical approach. It is designed to enhance knowledge and confidence in often challenging emergency procedures deployed when attempts at a basic airway have failed in the clinical setting.

This one-day hands-on workshop features practical stations including anatomical landmarks, didactic sessions and case studies and discussions. Hands-on sessions are guided by expert faculty and focus on the incisions and percutaneous insertions involved in front-of-neck surgical access techniques.

## Workshop Content

Participants will rotate through a number of interactive animal tissue

CTEC acknowledges the support of:

Government of Western Australia  
Department of Health

## Suitable for

Junior Doctors - Interns, Resident Medical Officers and Unaccredited Registrars. This workshop is highly relevant for those interested in applying for anaesthetics, ED, ICU and surgical specialties.

## CPD

Accepted by the AMA's CPD Home as an Educational Activity: General Learning - 7.5 hours.

## Venue

CTEC  
The University of Western Australia  
Entrance No.2 Hackett Drive,  
Crawley  
Perth, Western Australia

## Fee

WA Participant: \$865  
Non-WA Participant: \$995

## Register Online
